

Frequently Asked Questions on Application Procedures for Authorization of Unit Trusts and Mutual Funds under the Revamped Process

This FAQ is prepared by the Investment Products Division and aims to provide basic information to market practitioners concerning the application procedures for authorization of unit trusts and mutual funds, subject to the SFC Handbook for Unit Trusts and Mutual Funds, Investment-Linked Assurance Schemes and Unlisted Structured Investment Products (“Handbook”), including the Code on Unit Trusts and Mutual Funds (“UT Code”) therein. Applicants are encouraged to contact the relevant case team in the Investment Products Division of the Securities and Futures Commission (the “SFC”) if in doubt on any specific issues arising from the application/interpretation of the Handbook or this FAQ. Please note that each application for authorization is considered on a case-by-case basis.

For the purpose of this FAQ, UCITS funds means (i) Undertakings for Collective Investment in Transferable Securities (UCITS) domiciled in France, Luxembourg, Ireland and the Netherlands, and (ii) collective investment schemes domiciled in the United Kingdom authorized as UK UCITS.

The information set out below is not meant to be exhaustive. This FAQ may be updated and revised from time to time. This FAQ is only for general reference. Compliance with all the requirements in this FAQ does not necessarily mean an application will be accepted or authorization will be granted. The SFC reserves the rights to exercise all powers conferred under the law.

Unless otherwise defined herein, all capitalised terms shall have the meanings given to such terms in the Handbook.

Note: For ease of reference, collective investment schemes that are generally known as unit trusts or mutual funds are referred to as “funds” in the following FAQ.

In considering whether the Existing Fund and New Fund are substantially the same, the SFC will take into account, among others, factors such as their key operators, key features (e.g. investment objectives, policies and restrictions) and risk profile.</p>

4.	When will the SFC take up an application after I have submitted my application?	<p>Generally, an application will only be taken up by the SFC when an applicant has submitted all relevant documents that meet the applicable requirements as mentioned in Q.2 above. If the SFC is not satisfied with the completeness or sufficiency of the information contained in the first submission package or considers that documents submitted are not in good order or otherwise not suitable for clearance, the package will be returned to the applicant and the application will not be taken up. The SFC also reserves the right not to take up an application if such application is accompanied by documents that do not meet the requirements of the Handbook, the UT Code and/or the Guide in any material aspect. In general, the Investment Products Division will issue a letter (“Take-up Letter”) within 5 business days upon receipt of the Application Form, the Information Checklist and all the necessary documents in support of the application, to inform the applicant that the SFC will process the application. The date of the Take-up Letter (i.e. the “Take-up Date”) is the date on which the SFC formally takes up the application. The applicant is expected to submit the applicable application fee as mentioned in Q.3 above as soon as practicable upon receipt of the Take-up Letter from the SFC, and shall contact</p>

4A.	What are the requirements for submitting documents and application fee in support of a new fund application to the SFC?	<p>To commence an application, various documents, including, for example, offering documents, duly signed and completed application form, information checklist and confirmations, as well as the application fee are required to be submitted to the SFC.</p> <p><i>A) <u>Submission of application documents by soft copy only</u></i></p> <p>Applicants are no longer required to submit hard copy of application-related documents. Instead, applicants shall submit all application-related documents by soft copy only.</p> <p>The official receipt date of a new fund application shall be a business day on which the full and complete set of soft copy documents is received by the SFC at or before 6 pm (after which the receipt date will be deemed as the following business day).</p> <p><i>B) <u>Alternatives for signing application documents</u></i></p> <p>Option 1: We will accept submission of un-signed copies of the relevant application forms, information checklists, confirmations and other relevant documents (the “Relevant Forms”), which are required to be completed, as applicable, by an applicant, trustees/custodian, investment delegate of the fund or other parties, provided that the Relevant Forms shall be submitted with an email confirmation (from a person who meets the signatory requirements) that all information and, where applicable, confirmations and undertakings contained in the Relevant Forms (and all documents submitted relating thereto) are true and accurate.</p> <p>Option 2: An applicant may submit scanned copies of the Relevant Forms signed by a person who meets the signatory requirements.</p> <p>For the avoidance of doubt, submission of hard copies of the Relevant Forms is not required under both options.</p>

		<p><i>C) <u>Taking up new fund application(s) with application fee(s) to follow</u></i></p> <p>The SFC will take up new fund applications if they are in good order and the application fee is the only outstanding matter. An applicant is expected to submit the application fee as soon as practicable upon receipt of the Take-up Letter from the SFC, and shall contact its SFC case team to discuss the payment arrangement.</p>
5.	<p>What is the SFC’s “two-stream” approach to processing new fund applications?</p>	<p>As mentioned in the Circulars, from the Effective Date and the Adoption Date the SFC will adopt a “two-stream” approach to processing new fund applications under the Revamped Process. Under this approach, new fund applications will be classified into the “Standard Applications” stream and “Non-standard Applications” stream. In determining the stream under which a new fund application will be processed, the SFC will have regard to the criteria as set out in Q.5A below. For the avoidance of doubt, the SFC has the discretion to determine the type of applications (ie, Standard Applications or Non-standard Applications) for the purpose of processing an application.</p> <p>A more efficient authorization process that focuses more on key risks can meet the fund providers’ wish to reduce their funds’ “time to market” for public offering. To achieve this, applicants must provide proper and quality submissions in a timely manner. The SFC believes the Revamped Process will help promote fund providers’ self-compliance and reduce the overall processing time without compromising investor protection. The SFC expects applicants to ensure that their applications are in good order and supported by documents that meet all applicable regulatory requirements both at the time of submission and throughout the application process.</p> <p>In general, all applications (both “Standard Applications” and “Non-standard Applications”) are expected to be well-prepared in accordance with the Guide and the Information Checklist, and in compliance with all applicable requirements for clearance by the SFC. The Guide has set out detailed guidance for applicants to prepare their applications and comply with the requirements under the Handbook, the UT Code and other applicable regulatory requirements as may be issued by the SFC from time to time. Among others, the Guide contains a set of disclosure guidance for the funds’ offering documents to facilitate applicants’ preparation of their funds’ offering documents. With respect to their</p>

5A.	<p>What types of applications will be eligible for the “Standard Applications” stream?</p>	<p>“Standard Applications” are intended to cover applications that are simple or less complicated in nature. In general, a new fund application will be processed as a Standard Application if the following criteria are met:</p> <ul style="list-style-type: none"> i. the fund(s) under application is/are sub-funds(s) under an existing SFC-authorized umbrella fund; ii. the relevant new sub-fund is: (a) a fund which complies with Chapter 7 of the UT Code or a UCITS fund with net derivative exposure of not more than 50% of its net asset value; (b) a physical passive exchange-traded fund (ETF) or unlisted index fund tracking an index which is adopted by other existing SFC-authorized fund(s) or is a plain vanilla index¹; or (c) an active ETF which complies with paragraph 8.10 of the UT Code; iii. the new sub-fund(s) is/are not seeking authorization as approved pooled investment fund(s) under the SFC Code on MPF Products; iv. the new sub-funds(s) is/are managed by existing approved management company/delegated investment managers managing other existing SFC-authorized fund(s) with good regulatory records, or by existing approved management company and new delegated investment manager(s)² with good regulatory records; v. the trustee/custodian of the new sub-fund(s) is acting as trustee/custodian of other

5A1.	With reference to the criteria set out in Q.5A above, are there any types of applications that the SFC would not generally process as a Standard Application?	<p>The SFC will, among other factors, take into account the specific circumstances on a case-by-case basis in determining the stream under which a new fund application will be processed. A few illustrative examples are listed below whereby a new fund application will generally be processed as a Non-standard Application for policy reasons if it falls under one of the following categories:</p> <p>i. a leveraged or inverse product; or</p> <p>ii. a futures based unlisted index fund or passive ETF; or</p> <p>iii. a fund which invests 90% or more of its net asset value in a single collective investment scheme (i.e. a feeder fund)³; or</p> <p>iv. a fund with guaranteed features.</p>
5B.	What is the expected overall processing time for the “Standard Applications” stream and the “Non-standard Applications” stream?	<p>Under the Revamped Process, the “Standard Applications” and the “Non-standard Applications” can be distinguished by the expected timeframe pursuant to which the overall processing time of the applications will be completed and the time limits (see Q.7 below) that are imposed on the applicants in providing proper, complete and substantive submissions in response to the SFC’s requisition(s)(if any).</p> <p>Given that Standard Applications are intended to cover less complicated applications for which funds under applications are more simple in nature, these applications will be fast-tracked with an aim that SFC’s authorization (if granted) will be given on average between 1-2 months from the Take-up Date. To achieve this, it is the SFC’s policy intention to</p>

		<p>strictly refuse a Standard Application if the applicant fails to meet the applicable Response Time Limit of 1 month (as set out in Q.7 below) in addressing all outstanding issues pertaining to the application. On the other hand, Non-standard Applications will be processed under an enhanced process with an aim that SFC’s authorization (if granted) will be given on average within 2 to 3 months from the Take-up Date.</p> <p>For illustrations of the overall Revamped Process for Standard Applications and Non-standard Applications, applicants may refer to the flow charts entitled “Revamped Process – Flow chart showing the process for Standard Applications” and “Revamped Process – Flow chart showing the process for Non-standard Applications” respectively.</p>
6.	<p>When will the applicant know which stream (i.e. the “Standard Applications” stream or “Non-standard Applications” stream) the SFC will process its application?</p>	<p>SFC has made performance pledges for the processing of new fund applications.</p> <p>As Standard Applications are intended to cover less complicated applications for which funds under applications are more simple in nature, subject to the quality of the submission, the SFC may proceed to authorize the fund(s) within 14 business days from the Take-up Date in respect of the Standard Applications. In the event that authorization is not granted, the SFC will issue its First Requisition to the applicant for Standard Applications within 14 business days from the Take-up Date. For Non-standard Applications, in general, the SFC will issue its First Requisition to the applicant within 14 business days from the Take-up Date.</p> <p>The SFC will indicate in the First Requisition (if issued) whether an application is a “Standard Application” or a “Non-standard Application” by setting out the applicable Response Time Limit(s) (see Q. 7 below) within which the applicant is required to respond to the First Requisition.</p> <p>“First Requisition” refers to the preliminary response to applicants/requisition that may be issued by the SFC within 14 business days from the Take-up Date with respect to a new fund application.</p>

	<p>applicant needs to respond to the SFC's requisition(s)?</p>	<p>In the First Requisition (and the subsequent requisition(s) issued by the SFC (if any)), the applicant will be reminded of the time limits ("Response Time Limits") within which proper, complete and substantive responses should be submitted to the SFC in response to its requisition(s).</p> <p>If no authorization is granted by the SFC within 14 business days from the Take-up Date, a First Requisition will be issued to the applicant in which the Response Time Limits applicable to the Standard Applications and Non-Standard Applications (as the case may be) will be set out therein. For your reference, the Response Time Limits applicable to Standard Applications and Non-standard Applications are set out below:-</p> <ul style="list-style-type: none"> i. For Standard Applications, the applicants should provide proper, complete and substantive response(s) to the outstanding requisition(s) to the SFC's satisfaction within 1 month from the date of the First Requisition. As discussed in Q.6 above, it is the SFC's expectation that authorization of certain Standard Applications may be granted within 14 business days from the Take-up Date without issuing the First Requisition. In the event that authorization is not granted and a First Requisition is issued, 1 month is considered to be a reasonable period for the applicants to address all outstanding issues to the satisfaction of the SFC for Standard Applications; and ii. For Non-standard Applications, the applicants are required to (a) provide proper, complete and substantive response(s) to the SFC within 14 business days from the date of the First Requisition; and (b) provide proper, complete and substantive response(s) to all SFC's subsequent requisition(s) (if any) within 10 business days.
7A.	<p>What would happen if an applicant fails to meet the Response Time Limits?</p>	<p>Pursuant to 4.1(b) of the Overarching Principles Section of the Handbook, product providers shall respond to any enquiries made by the SFC in relation to the relevant product and the associated matters promptly and in an open and co-operative manner.</p> <p>As mentioned in Q.5 above, in general, all applications should be well-prepared and in compliance with all applicable requirements for clearance by the SFC. As such, the SFC expects the applicant to be able to respond to its subsequent requisition(s) within a reasonable period so as to achieve an efficient and effective authorization process. Therefore, where an applicant has not responded or provided proper, complete and substantive response to address SFC's requisition(s) to the SFC's satisfaction within the applicable Response Time Limits, the SFC reserves the right to refuse the application.</p> <p>The SFC generally expects that:-</p> <ul style="list-style-type: none"> i. For a Standard Application, all outstanding issues should be properly addressed by the applicants to the satisfaction of the SFC within 1 month from the First Requisition (if issued). As discussed in Q.6 and Q.7 above, Standard Applications are intended to cover less complicated applications for which funds under applications are more simple in nature, and it is the SFC's expectation that authorization of Standard Applications may in general be granted within 14 business days from the Take-up Date without issuing the First Requisition. In the event that authorization is not granted and a First Requisition is issued, 1 month is considered to be a reasonable period for applicants to address all outstanding issues to the satisfaction of the SFC for Standard Applications. As such, an applicant will be reminded in the First Requisition (if issued) that the SFC would be minded to refuse an application if the applicant fails to address all outstanding issues within 1 month from the date of the First Requisition; and ii. As such, the applicant will be reminded in the First Requisition and all SFC's subsequent requisition(s) that the SFC would be minded to refuse an application if the applicant fails to meet the relevant Response Time Limits.
7B.	Will the SFC extend the Response Time Limits?	<p>In general, co-operation and commitment from the applicants to put in place adequate and dedicated internal resources throughout the application process is expected by the SFC to enhance the overall authorization process.</p> <p>Any extension of the Response Time Limits would only be granted by the SFC in limited cases with proper justifications. The mere fact that further internal liaison/communication is required by the applicant, for example, with overseas offices or further</p>

	Question	Answer

8.	<p>Will my application be liable to refusal by the SFC under any circumstances apart from the failure to meet the relevant Response Time Limits in addressing the SFC's requisition(s)?</p> <p>Also, will my application lapse after a certain period of time? If so, how long? What should I do if my application has lapsed?</p>	<p>Yes. After the Take-up Date and at any time during the vetting process, in cases of non-compliance with any key requirement(s), the application is liable to be refused by the SFC where appropriate so that there is efficient use of resources for processing proper applications.</p> <p>Reference is made to the circular of the SFC to applicants of SFC-authorized investment products relating to the revised application lapse policy ("Lapse Policy") dated 29 November 2013 and the Circulars regarding the Revamped Process. If, for any reason, 6 months have elapsed from the Take-up Date (the "6-month Period") and no authorization has been granted, the application (whether it is a Standard Application or a Non-standard Application) will lapse subject to the SFC's right to grant an extension at its sole discretion. The application fee in respect of the application will not be refunded to the applicant. In general, the SFC will only consider granting an extension in limited circumstances (see Q.9 below). For applications that are processed under the Revamped Process, applicants will be reminded that the application will in general lapse at the expiry of the 6-month Period in the First Requisition (if issued by the SFC).</p> <p>Once a fund application has lapsed or been refused, if the applicant wishes to seek authorization of the fund, it shall make a new application, whereupon it will need to pay the application fee for the new application and repeat the application procedures.</p> <p>Please see Q.11 for the factors which the SFC may take into account when considering as to whether authorization should be granted to a collective investment scheme and/or for the issue of its relevant offering document(s).</p>
9.	Will the SFC extend the application beyond the 6-month Period?	In general, the answer is no. Any extension of the application period may be granted by the SFC where there is no substantive outstanding issue at the time of the extension, except for the receipt of the response from overseas regulator by the SFC in the case where overseas regulatory check has to be conducted on the management company or its

It should be noted that: (i) the extension of the 6-month Period only applies to the umbrella fund and not to its sub-fund(s); (ii) this extension to the 6-month Period only applies to the case where there is a valid sub-fund application at all times; and (iii) the application period applicable to each of its sub-funds will still be the 6-month Period from the Take-up Date of the relevant sub-fund. For the avoidance of doubt, if upon the expiry of the 6-month Period of the last submitted sub-fund application, no authorization has been granted to any of the sub-funds in respect of the umbrella fund which seeks authorization from the SFC, the application of such sub-funds and its umbrella fund shall lapse.</p>

Authorization		
11.	<p>What would the SFC take into account when considering whether to grant authorization of a collective investment scheme and/or for the issue of its relevant offering document(s)?</p>	<p>Under Part IV of the Securities and Futures Ordinance (“SFO”), on an application to the SFC, the SFC may, where it considers appropriate, authorize any collective investment scheme, and/or authorize the issue of any offering document or advertisement in respect of a collective investment scheme, subject to any conditions the SFC considers appropriate.</p> <p>The SFC may take any factor into account as it considers appropriate. Without prejudice to the generality of this right, when considering whether to grant authorization, the SFC may take into account, among other things, the following:</p>

13.	<p>Will the SFC extend the time period for fulfilment of the Conditions by the applicant for an Authorization to become effective beyond 2 months from the date of the Authorization Letter?</p>	<p>In general, the SFC expects that all applicable Conditions for an Authorization to become effective will be fulfilled within a reasonable time. As such, the SFC will require fulfillment of the relevant Conditions within 2 months from the date of the Authorization Letter issued by the SFC.</p> <p>The SFC may consider to extend the time for fulfilment of relevant Conditions upon the submission of proper justifications by the applicant. For example, extended period(s) may be agreed by the SFC on the grounds that in the case of a fund primarily regulated by an overseas regulator, additional time is required for the formal written approval from the home regulator of the fund's offering documents, or in the case of ETFs, the outstanding document is the listing approval from The Stock Exchange of Hong Kong Limited.</p>
